

The Society of Professional Journalists collects and distributes contributions for aiding journalists in defending the freedom of speech and press guaranteed by the First Amendment of the United States Constitution.

Each year at the conference, live and silent auctions are held to benefit the Legal Defense Fund. The primary role of the Legal Defense Fund is to initiate and support litigation that enforces public access to government records and proceedings, which can be the most expensive way to defend the First Amendment. Please join us in our efforts by donating an item to the Legal Defense Fund Auction.

Item Information:

Item: _____

Fair Market Value: _____
